2.45pm 3.00pm	Keynote Speaker Q & A Session
3.00pm 3.30pm	Afternoon tea with exhibitors
Room: Ballroom 2 & 3	
3.30pm 4.30pm	Panel Discussion - Moving to action: Achieving liveability in our cities Moderator: Paula Drayton, Conference Chair This panel discussion will focus on the pathways to achieving liveable cities. What will we do to move towards our visions of liveable, and what can we take and implement from these two days? Panellists will be selected from our concurrent speakers and determined by delegate voting. Hand your completed voting card in at the registration desk by 12:30pm, Tuesday 7 July to go in the draw to win a GoPro. The Conference Committee will review votes and invite a selection of speakers to participate in the panel.
4.30pm 4.55pm	Conference Highlights. What have we learnt? Delegates are invited on stage to summarise what take home messages they are leaving with. What new developments have inspired them?
4.55pm 5.00pm	Closing Ceremony WIN a GoPro Complete your speaker voting card in the back of your name badge to go in to draw. Delegate must be in the room to win.
5.30pm 7.30pm	Fools for the City – casual evening at delegates own leisure Fools for the City brings people together for a regular but completely informal networking drinks. Hosted by city strategists Hello City, the group is open to anyone who is passionate, curious or just a little foolish about cities. Join us for a special Liveable Cities edition and hobnob with a very Melbourne mashup of traffic engineers, behavioural anthropologists, development directors, place managers, street artists & everything in between. Featuring indoor bocce, Custard & Co Cider & fried chicken from The Voodoo Jerk Truck. What more could one desire? Location: Mr Wow's Emporium, 97b Smith Street, Fitzroy

Poster Presentations

Poster presentations will be on display for the duration of the conference in the Foyer. During the dedicated lunch time poster session, presenters will be at their poster to discuss their work and answer any questions.

Access to health services in urban growth areas; the case study of Melbourne: a review of the literature

Mrs Rebecca Madill, PhD Candidate, The University of Melbourne

Analyzing Playgrounds in Eskisehir

A/Prof Mehmet Inceoglu, Assistant Professor, Anadolu University, Turkey

Asset mapping and social innovation for low carbon communities

Mr Darren Sharp, PhD Candidate, Curtin University, Sustainability Policy Institute

Circular Economy Potential: Waste Minimization Strategy in the Construction Industry

Mr Mohd Reza Esa, PhD Candidate, The University of Queensland

cohealth Kangaroos - Building Resilience Through Community

Mr Ian Symmons, Senior Manager Homelessness, cohealth

Community Futures

Mr Stephen Cheney, Managing Principal, dwp | suters

Digital Media Façades for Vivid Public Spaces: Promoting Dialogue, Participation and Social Innovation in Urban Environments

Mr Alexander Jan Albrecht, PhD Student, Leuphana University Lüneburg, Germany

Digital Pop-Up Engagement: Augmenting Community Engagement for Healthy Built Environments

Mr Joel Fredericks, PhD Candidate, University of Sydney

Future Streets-Te Ara Mua: A praxis collaboration project for the people of Mangere, Auckland

Ms Tuiloma Lina Samu, PhD Candidate, SHORE Whariki Research Centre, School of Public Health, Massey University, New Zealand

Food deserts and type 2 diabetes mellitus: a Sydney of two halves

Dr Xiaoqi Feng, Senior Lecturer in Epidemiology, University of Wollongong

Geography, marginalisation and the performance of the right to have access to health care services in urban areas

Prof Marius Pieterse, Professor of Law, School of Law, University of the Witwatersrand, South Africa

Green roofs and Urban resilience: An Evaluation Framework

Ms Karolina Bartkowicz, Research Assistant, RMIT

Lighting Latrobe

Mrs Fiona Fullard, Environmental Planner, Latrobe City Council

Measuring the 'healthiness' of food outlet types in Australian suburbs community food environment

Mr Hamid Moayyed, PhD Student, University of Wollongong

Planning Great Australian Cities: The Case for a Glasshouse Urban Corridor in South-East Queensland

Mr Jeff Humphreys, ANZ Planning Discipline Chair, Cardno

Sustainability & Accessibility: The Next Step

Ms Charlotte Wang, Research Assistant, Research Centre for Integrated Transport Innovation, The University of NSW

The Gold Coast Transformed: From Wilderness to Urban Ecosystem

Prof Tor Hundloe, Professor, Bond University

Suburban agriculture, zoning policies and land development

Mr Thomas Coisnon, Agrocampus Ouest, Department Economy, Management and Society, UMR Granem, Angers, France

The joint work plan between Canterbury District Health Board and Environment Canterbury Regional Council demonstrates how Public health and planning collaboration informs health strategies and wellbeing outcomes

Mr Malcom Walker, Health Protection Officer, Canterbury District Health Board

The Role of Local Governments in promoting Corporate Responsibility

Ms Helen Scott, Project Manager, Global Compact Cities Programme

The Social Life of Commercial Streets

Mrs Leila Mahmoudi Farahani, PhD candidate, Deakin University

The Sustainable Cities Index

Mr Richard Lau, Technical Director, Hyder Consulting Pty Ltd

Towards "Garden City" - the community gardens in the inner city areas

Mr Jia Zhuang, Research Student, University of New South Wales

Transitioning Sustainable Construction towards a Disaster Resilience Built Environment in Malaysia

Mrs Farrah Ismail, PhD Student, The University of Queensland

Variations of pedestrian activity in urban residential blocks: A case study of the Gangnam area in Seoul

Dr MiJoung Shin, Senior Researcher, Korean Environmental Planning Studies Institute, South Korea
